Redesigning MyCourses Mobile Interaction

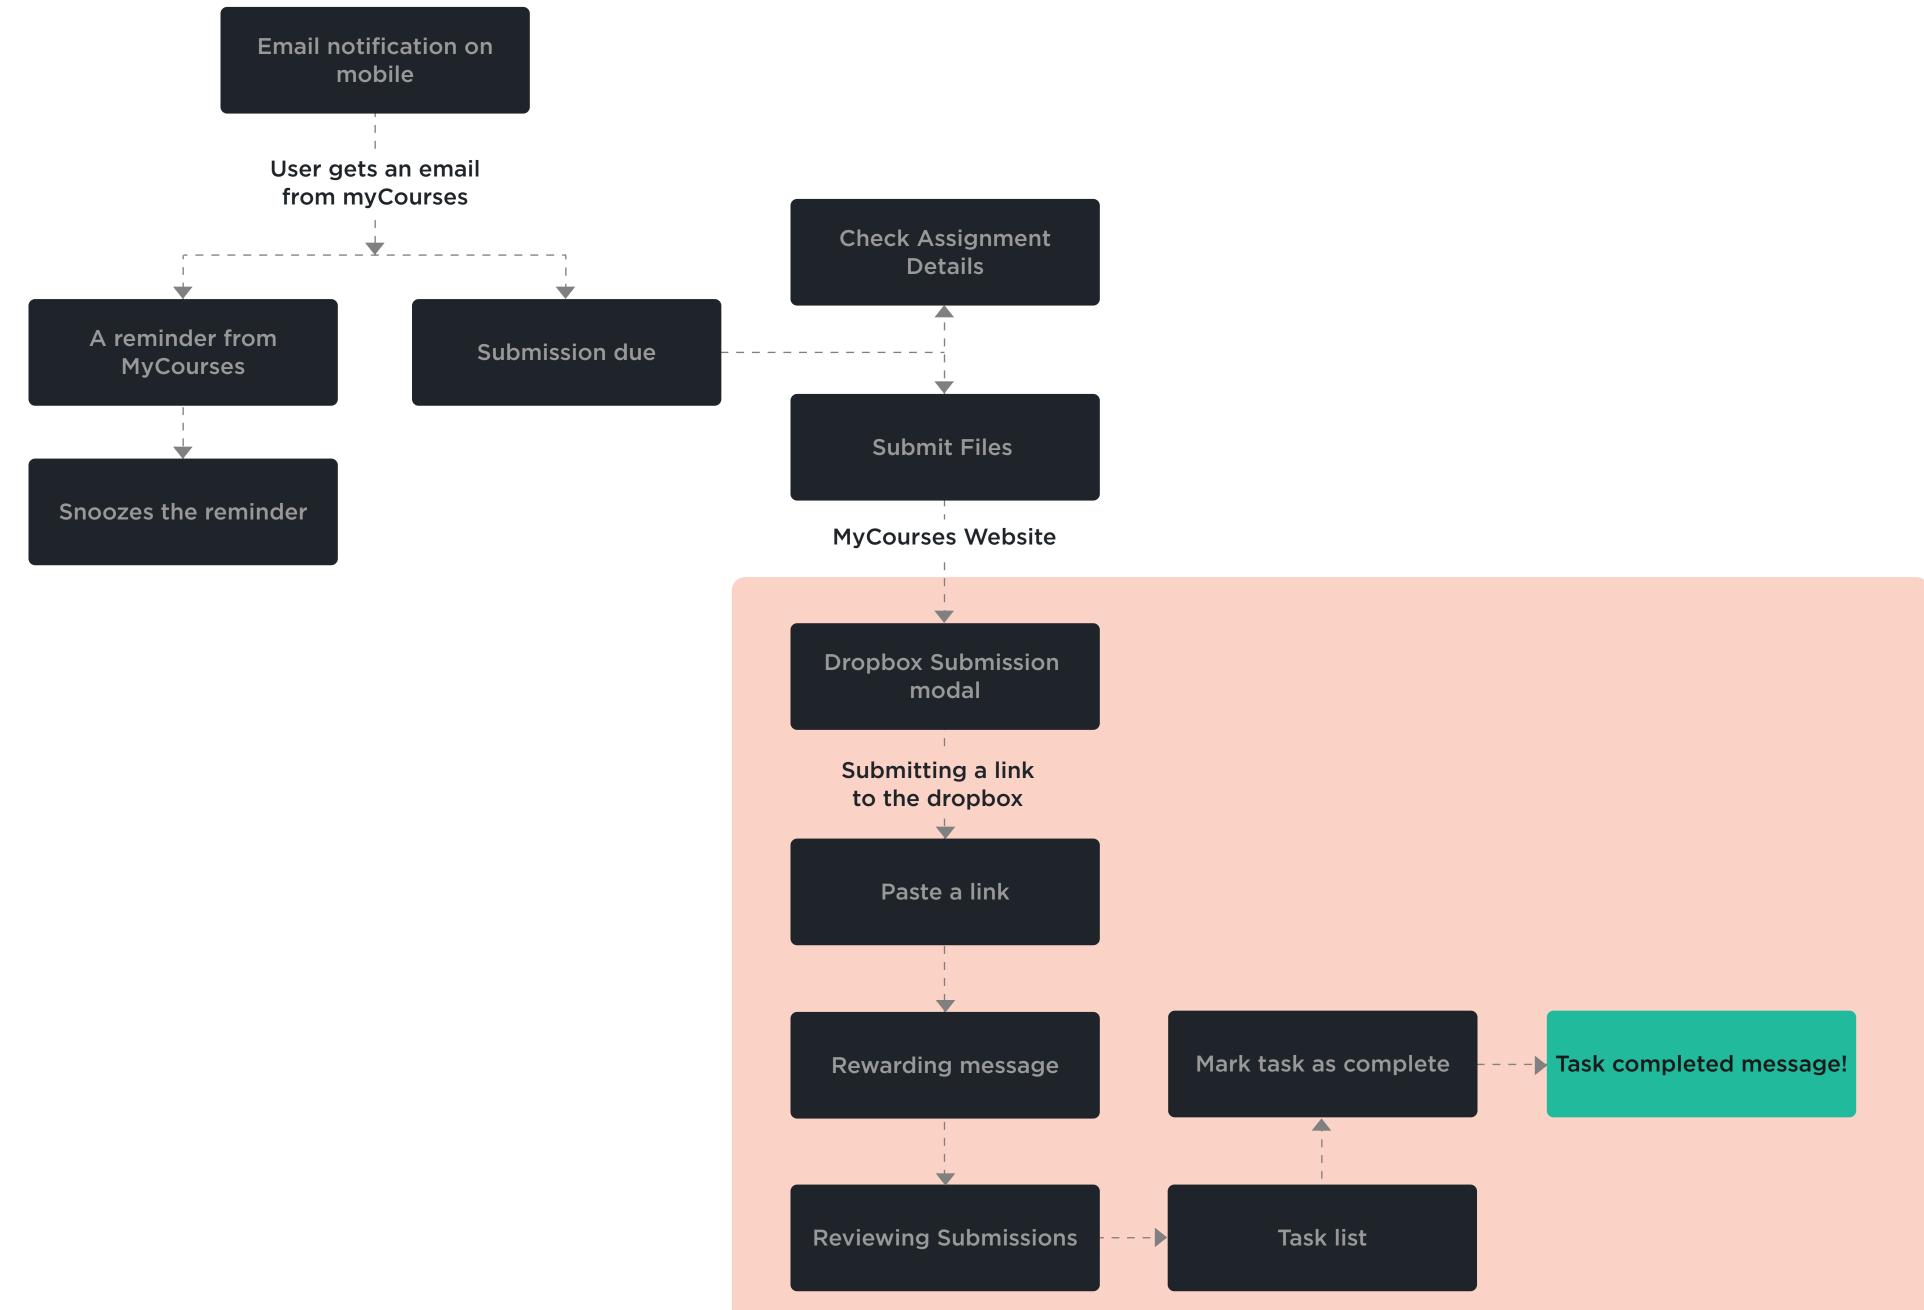

Aditi Khazanchi Fall 2017

Student has opted for email notifications from MyCourses and gets a daily activity summary from MyCourses. Student gets an email notification reminding him that he has a due date in 15 mins with no submissions made yet. The interaction explores how a user can quickly submit a link to dropbox before the deadlines passes.

User Flow

Sketches

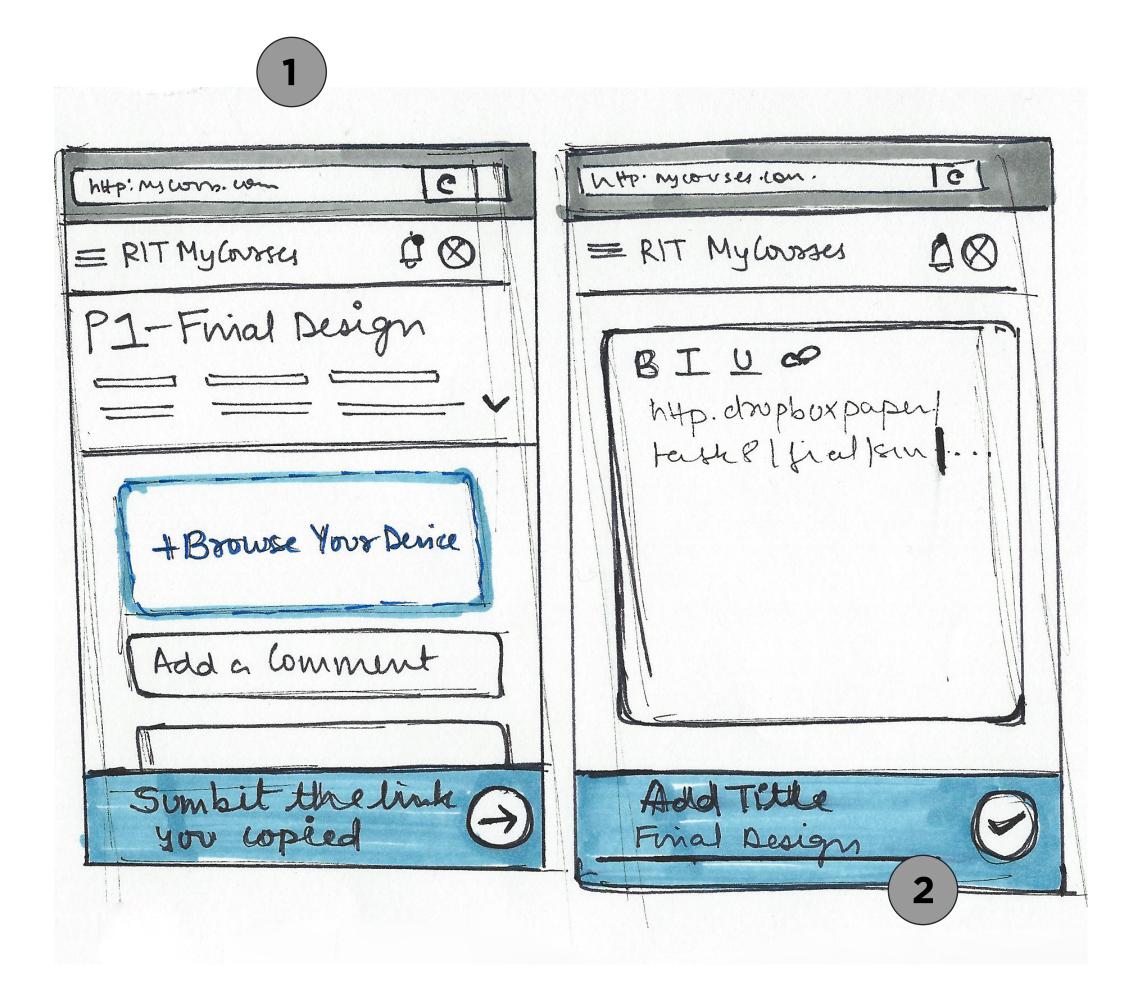

Dropbox Submision

A dialog pops up asking the user if they want to submit the link they have on the clipboard.

Add a title

User is asked to add a title to the link. If they choose not to add a title they can just click off the pop up.

Add text with the link

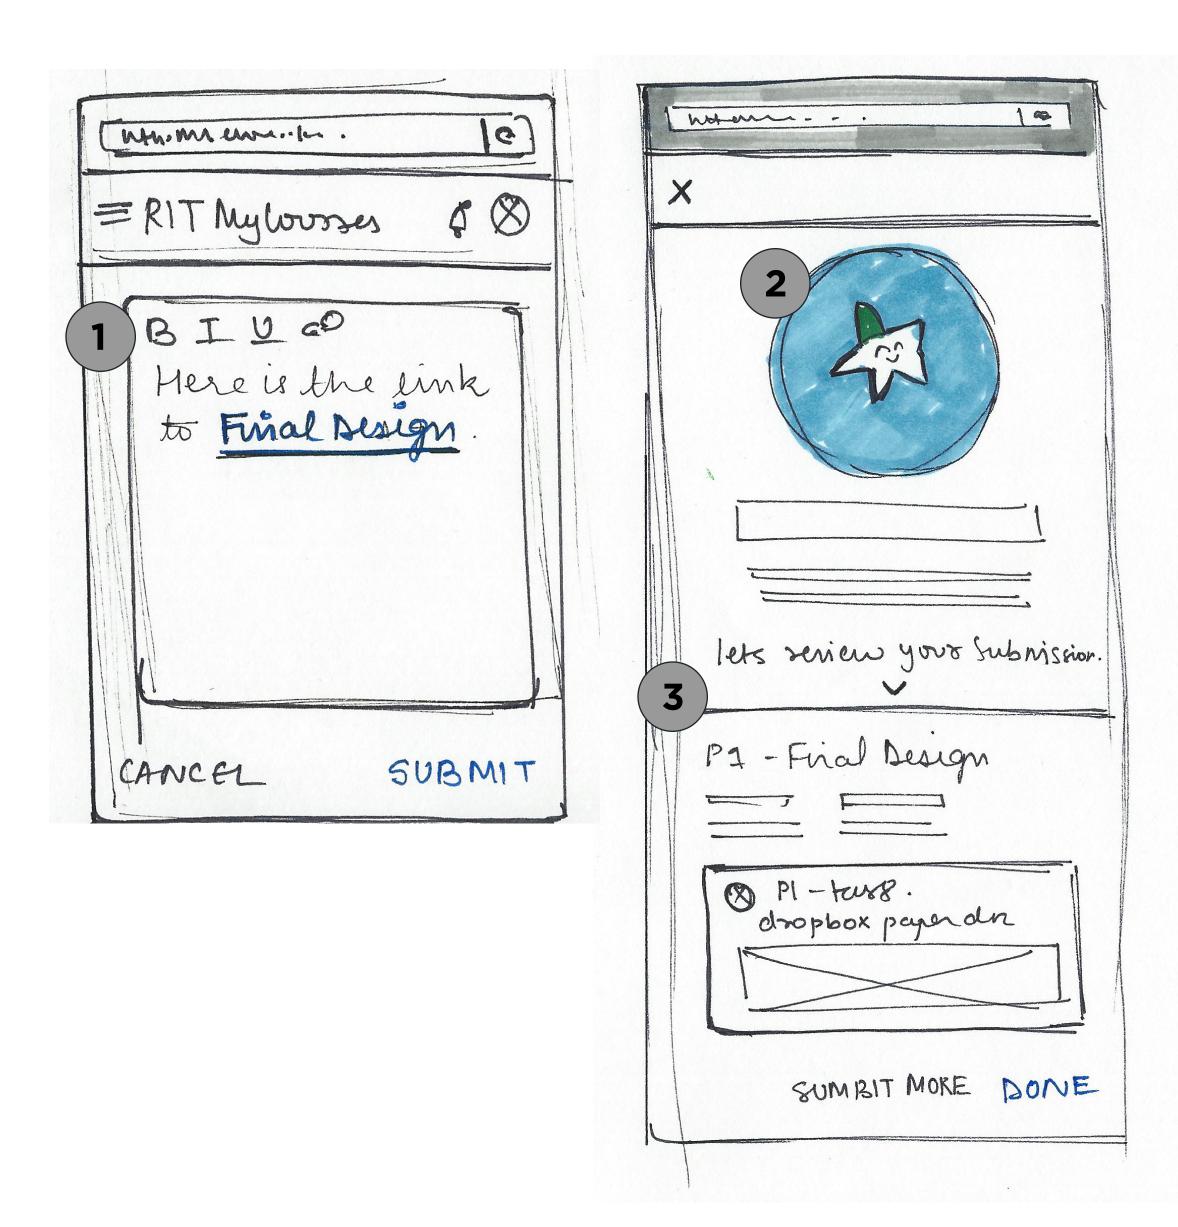

Rewarding message

User gets a 'dancing star' for submitting the project on time.

Scroll down to see submission summary

Homepage - Task list

After submitting the link the user is navigated back to the homepage

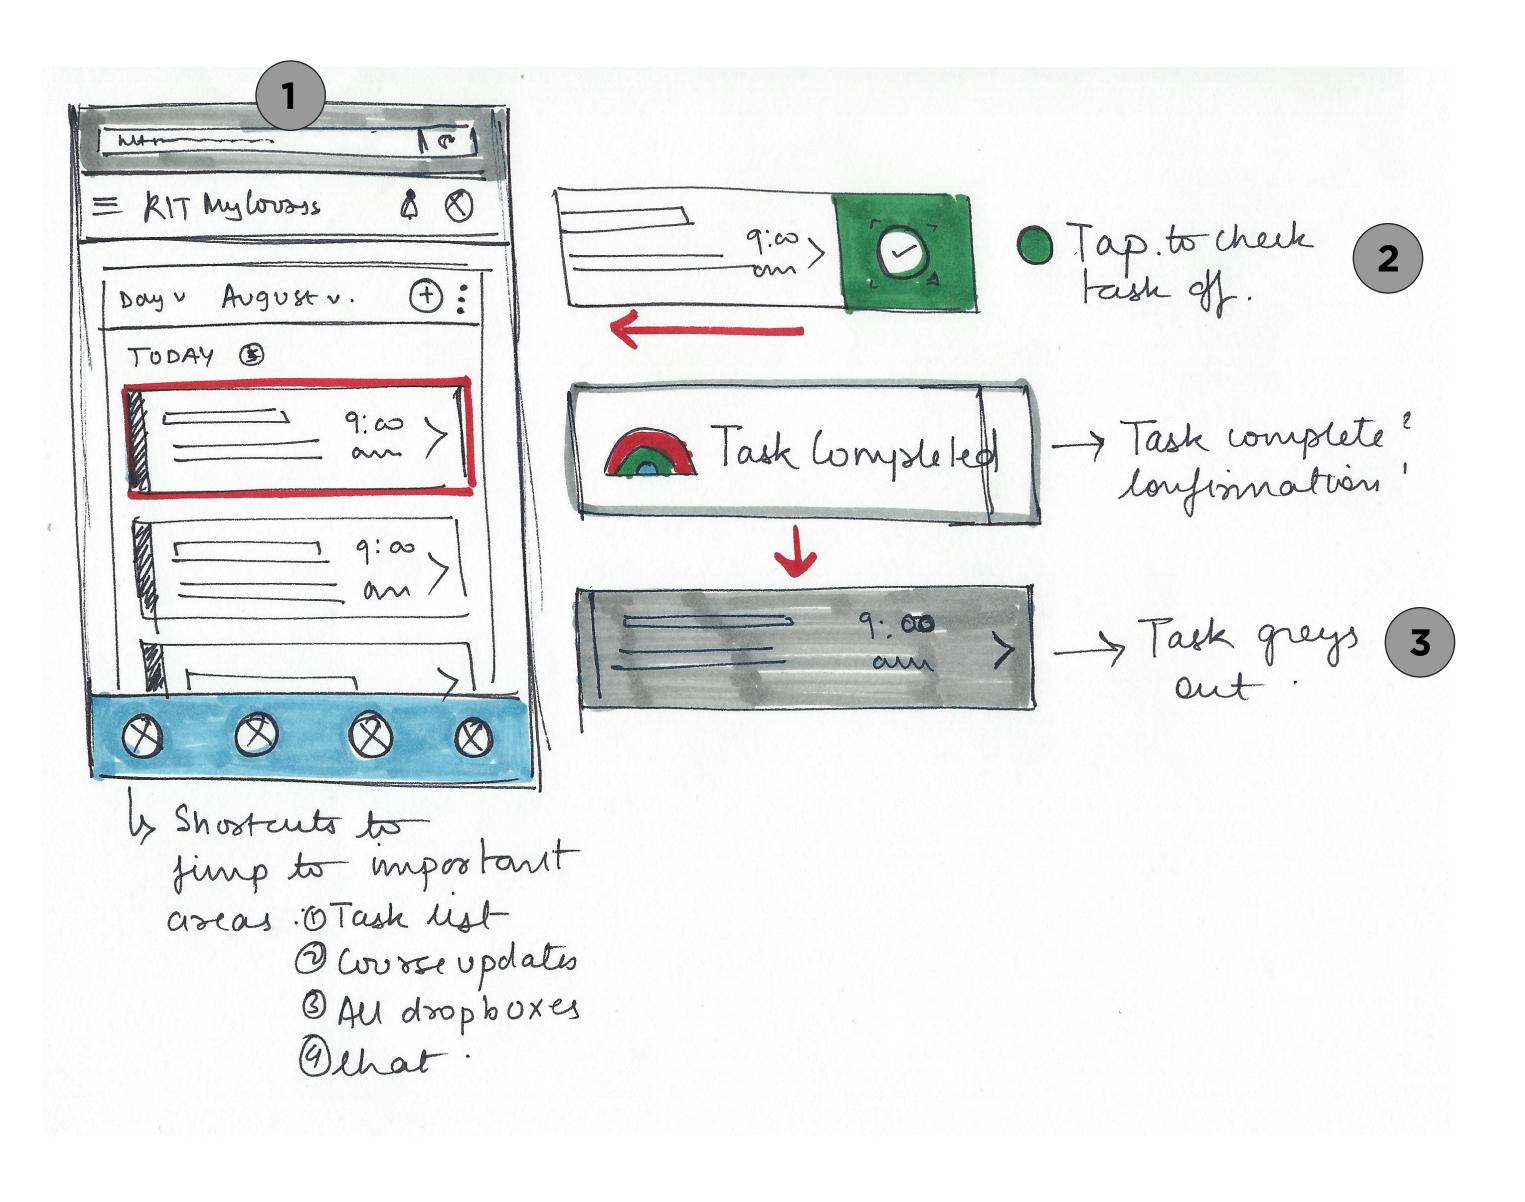

Checking the task complete

User swipes right to mark the task complete.

Task complete message

A task complete message is shown and then the task greys out.

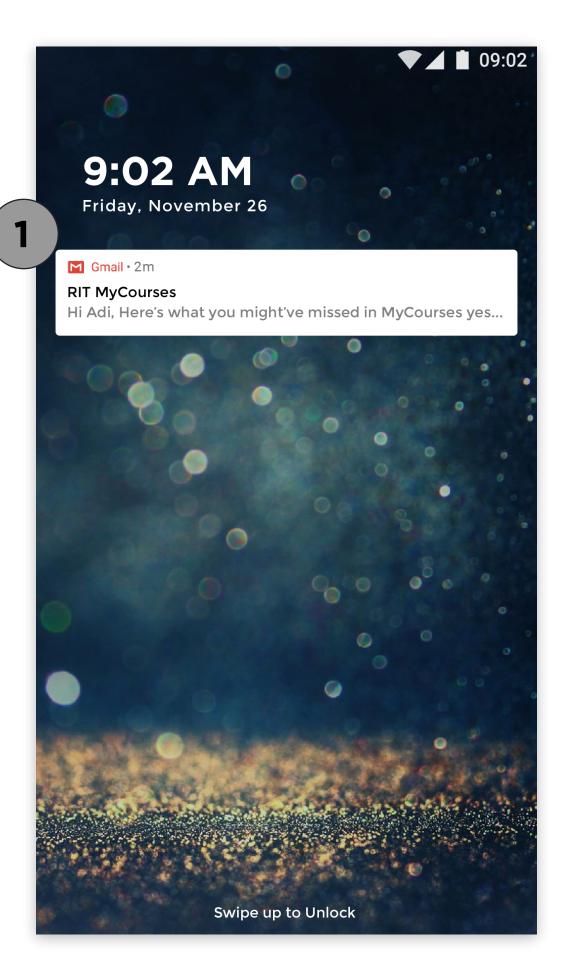

Design

Mobile Lock Screen

NOTIFICATIONS

Students gets a notification for an email from MyCourses.

Email Summary

Students can choose to get daily activity summay emails from MyCourses that will go over any updates or upcoming deadlines.

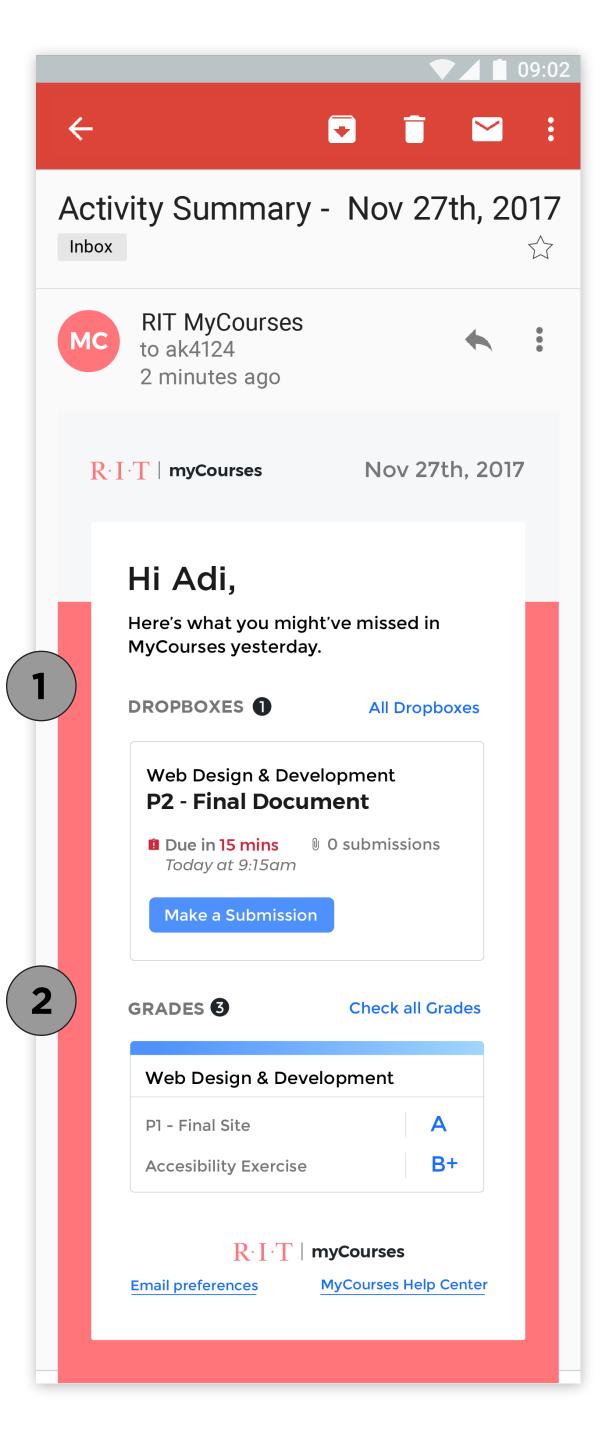

Shows upcoming assignment deadline, and if any submissions have been made. Students can click on the 'Make a submission' button to go to the dropbox directly.

UPDATED GRADES

Quick look at new grades received.

Dropbox Submission Modal

Student wants to submit a link to the dropbox and copies a link to the mobile's clipboard.

SUBMIT THE LINK YOU JUST COPIED

MyCourses prompts the user if they want to submit the link they just copied to the clipboard.

ADD A TITLE TO THE LINK

2

Student is prompted to add a title to the link they just added. If they choose to not add a link/title, they can just click off the pop up.
