Poetry is one of the worlds least appreciated forms of art

Strands is an installation that analyzes thousands
lines from great poems and translates them to gifs.

***The Goal** is to inspire viewers to fall in love with poetry.*

Will feel like going to a library and getting lost in the stacks.

UI Design

As One Listens To The Rain

by Octavia Paz

Listen to me as one listens to the rain,
not attentive, not distracted,
light footsteps, thin drizzle,
water that is air, air that is time,
the day is still leaving,
the night has yet to arrive,
figurations of mist
at the turn of the corner,
figurations of time
at the bend in this pause,
listen to me as one listens to the rain,
without listening, hear what I say
with eyes open inward, asleep
with all five senses awake,
it's raining, light footsteps, a murmur of syllables,
air and water, words with no weight:
what we are and are,
the days and years, this moment,
weightless time and heavy sorrow,
listen to me as one listens to the rain,
wet asphalt is shining,
steam rises and walks away,
night unfolds and lanks at me
